Student Name:        Martin Ponce                                                                                  Student ID:            10371381

**Course Name: U65 Bachelor of Computer Science**
**Commencement Year/Semester: 15/1**
**Course Version: 3**
**Nominated Unit set: MAAAGT Software Engineering Major**

**Course Structure:**

The Bachelor of Computer Science degree is a 360-credit point three-year full-time award, which may be studied, in part-time mode.

The degree has three main components: 1) a Foundation program of eight units 2) a Core of eight computer science units 3)a Major program consisting of six core major units followed

by 2 elective units (as listed above)

Upon approval by the Course Coordinator for the Work Experience Project, students will complete CSI3455 in their final semester to replace CSG3303, CSG3305 + 2 Electives
